MISSION-READY INFRASTRUCTURE & MATERIAL INTEGRATION

P-22 Corp Construction Material Solutions LLC is a premier minority-owned strategic Material Solutions Integrator for U.S. Federal, State, and Local Government Agencies. We specialize in streamlining the procurement of diverse operational assets from high-voltage electrical infrastructure and commercial building materials to facility maintenance supplies (MRO). Rooted in over 60 years of combined executive leadership from global OEMs and top EPC firms, we eliminate supply chain bottlenecks and deliver precision, FAR/TAA compliance, and rapid 24-hour turnaround on federal solicitations.

CORE CAPABILITY CORRIDOR	FEDERAL OPERATIONAL SCOPE & SPECIFICATIONS
Division 26: Electrical Distribution Switchgear & Power Infrastructure	Turnkey supply of Medium & Low Voltage Switchgear, Transformers, Motor Control Centers (MCC), Panelboards, Substation components, Industrial Conduit, and Wire/Cable. Complete IEEE/ANSI standard compliance.
Expedited Logistics & DFW Staging Emergency Freight & Secure Storage	Strategic North Texas distribution hub with dedicated staging yards. Direct-to-jobsite delivery, Moffett offloading, bonded logistics, and specialized emergency replacement sourcing within 24-48 hours nationwide.
Facility Support & Industrial MRO HVAC, Plumbing, Pumps & Hardware	Commercial chillers, rooftop units, industrial pumps, valves, piping, building automation sensors, filtration media, and heavy facility hardware for military bases, federal buildings, and hospital systems.
Heavy Civil, Site & Utilities Underground & Foundation Support	Duct banks, underground utility vaults, structural rebar, geotextiles, precast drainage, erosion control, and high-performance perimeter security material for airfield and civil infrastructure projects.

OFFICIAL FEDERAL PROCUREMENT & CLASSIFICATION CODES

423610 (Primary)	Electrical Apparatus & Equipment Wiring Supplies	6110 / 5975	Electrical Control / Electrical Hardware
238210	Electrical Contractors & Other Wiring Work	6120 / 6130	Wire, Cable & Power Converters
423720	Plumbing & Heating Equipment Supplies (Hydronics)	4510 / 4520	Plumbing Fixtures & Space Heating
423730	Warm Air Heating & Air-Conditioning Supplies	4120 / 4130	Air Conditioning & Refrigeration Units
423390	Other Construction Materials Merchant Wholesalers	5640 / 5660	Wallboard, Insulation & Fencing

OPERATIONAL DNA & EXECUTIVE LEADERSHIP

While P-22 Corp is an agile, responsive entity, our operational DNA is built on over **60 years of combined executive leadership** from global Original Equipment Manufacturers (OEMs), international EPC infrastructure firms, and Tier-1 public accounting. We do not simply resell catalog items; we understand the engineering, compliance, and fiscal rigor required by federal buyers.

EXECUTIVE PROFILE	STRATEGIC VALUE & INDUSTRY BACKGROUND
Pedro Felipe PMP Managing Director & Power Systems Lead	Over 15 years of specialized engineering experience in Medium Voltage (MV) Switchgear, power distribution, and grid modernization. Former Commercial Manager for large-scale EPC firms managing IEEE and ANSI compliant infrastructure for national utility grids. Direct executive line for contracting officers and prime contractors.
Eduardo Lopez VP of Operations & Supply Chain	Offers 36 years of executive experience in heavy equipment logistics, OEM dealer networks, and multinational mining supply operations (former Regional Manager for Case Corp). Expert in technical sourcing for hard-to-find components, high-volume freight mobilization, and equipment maintenance lifecycles.
Marleni Mendez Controller & Federal Compliance Lead	Specialist in federal cost accounting, Wide Area Workflow (WAWF/iRAPT), prompt payment act compliance, and certified payroll reporting. Ensures zero billing friction and rigorous financial controls across all prime contracts and subcontracts.

FEDERAL DIFFERENTIATORS & CONTRACT VEHICLES

1. Fast-Track Technical Estimating	Direct engineering takeoffs and RFP response within 24-48 hours. In-house review of single-line diagrams ensures accurate specifications without costly RFIs or change orders.
2. Guaranteed TAA & BAA Compliance	Every delivered SKU is fully verified for Trade Agreements Act (TAA) and Buy American Act (BAA) origin, protecting prime contractors from federal audit risk and delivery delays.
3. Tier-1 OEM Manufacturer Network	Direct distribution partnerships with premier manufacturers (Square D/Schneider, Eaton, Siemens, ABB, Southwire, Carrier, Trane) providing direct factory warranties and priority allocation.
4. DFW Staging & Just-In-Time Dispatch	Over 50,000 sq ft of partner yard staging in the Dallas-Fort Worth metroplex. We hold project inventory until site readiness, eliminating congestion, jobsite theft, and weather degradation.
