

P-22 CORP — Project Overview (Comprehensive)

Compiled copy, files, references, and implementation steps for the full 22CORP website and collateral.

Last updated: November 09, 2025

1) Executive Summary & Goals

Build and launch a procurement-ready, WCAG-compliant, fast Wix site for P22 Corp (22CORP) with consistent branding, clear CTAs, and a downloadable Capability Statement. This overview compiles all files, copy, IA, brand system, SEO, accessibility, performance guidance, QA findings, and implementation checklists into a single source of truth.

2) Information Architecture (IA) & Site Map

- Top-level: Home, About, Capabilities, Competencies, Capability Statement, Dallas Hub, Contact
- Child pages (Dallas Hub): Services (3), Location info, Contact handoff
- Header: sticky, logo (SVG/PNG), primary nav; Footer: full links + legal + social
- Primary CTAs: Download Capability Statement, Request a Quote / Submit an RFQ

3) Brand System

Colors

- Navy #1D3557 (primary), Gold #C9A227 (accent)
- Surfaces: Off-white #F7F7F7; Text: Neutral Gray #444444

Typography

- Headings: Space Grotesk (fallback: Helvetica Bold)
- Body: Inter (fallback: Helvetica Regular)
- Responsive hierarchy: H1 → H6 with consistent line-heights

Components

- Buttons: Primary (gold with navy text), Outline (navy border + label, gold hover)
- Cards, hero sections, validated forms, sticky nav, mobile sheet menu
- Focus-visible states and keyboard navigation

4) Asset Inventory (Local References)

5) Page-by-Page Copy (Ready to Paste)

Home

- **H1:** Reliable Solutions. Trusted Results.
- **Subhead:** Supplying government agencies with compliant procurement, rapid RFQ support, and nationwide delivery of electrical, construction, and facility materials.
- **Primary CTA:** Download Capability Statement
- **Secondary CTA:** Submit an RFQ
- **Why Us (3 bullets):** Government-focused expertise • FAR/DFARS-aligned process • Central U.S. logistics reach

About

- P22 Corp Construction Material Solutions is a Dallas-based supplier serving federal, state, and local agencies.
- Mission: deliver excellence with each contract, maintain transparent communication, and support agencies end-to-end—from RFQ to delivery.

Capabilities

- Electrical materials • Construction supplies • Safety & PPE • Facility MRO
- Custom kitting • Scheduled deliveries • Emergency procurement support • Spec matching with alternates

Competencies

- Rapid RFQ turnaround and accurate spec matching
- Compliance with FAR/DFARS and agency-specific requirements
- Vendor vetting, QA, and document readiness
- Nationwide logistics coordination and SLAs

Capability Statement Page

- Download the latest PDF: [P22-Corp_Capability-Statement_Visual-v3.pdf](#)
- Identifiers (as published): UEI — Upon request; CAGE — Upon request; DUNS — Upon request; SAM — Active
- Primary NAICS: 423610; Additional NAICS: 236210, 236220, 238210, 423430, 423690, 423710, 423840, 423850, 444180, 541611, 541614, 541618, 561210

Dallas Hub (and Services)

- Central reach for faster delivery SLAs and scheduled drop-offs
- Services pages: category overviews + procurement FAQs + quick RFQ handoff

Contact

- P22 Corp CMS, 18383 Preston Road, Suite 202, Dallas, TX 75252

6) SEO Metadata (Per Page)

Page	Title	Meta Description
Home	P-22 Corp Government Electrical & Construction Material Supplier	Government supplier of electrical, construction, and facility materials.
About	About P-22 Corp Government Supplier On Dallas TX	Our Dallas TX compliance posture, and commitment to government.
Capabilities	Capabilities Electrical, Construction, Safety & MRO	Full MRO supply: electrical, construction, safety/PPE, facility MRO.
Competencies	Core Competencies Government Procurement Response	RFQ speed, FAR/DFARS compliance, QA documentation, nationwide.
Capability Statement	Capability Statement P-22 Corp	Download our Capability Statement: NAICS, differentiators, and past.
Dallas Hub	Dallas Hub Nationwide Delivery & Scheduling Drop-off	Local Drop-off for faster delivery SLAs and jobsite scheduling.
Contact	Contact P-22 Corp Request a Quote	Ask a question, submit an RFQ, or request our identifiers.

7) Accessibility & Contrast (AA)

- Text: ≥4.5:1 (normal), ≥3:1 (large). Non-text UI: ≥3:1.
- Keep gold for backgrounds/accents; use navy text on gold; avoid gold text on white.
- Links are not color only (use underlines).
- Text over images: add a navy scrim (≈66% opacity) or place text in a navy card.

8) Performance & QA

- Images: keep AVIF/WebP for web; set explicit width/height; lazy load below the fold.
- Reduce unused apps/scripts; defer non-critical JS.
- QA checklist: forms delivery, alt text, titles/meta, social links, legal pages, 404 page.

9) Prompts & Build Steps

AI Studio / Pomely — Master Prompt (excerpt)

Generate a cohesive render set for “P22 Corp Construction Material Solutions.” Use Navy #1D3557, Gold #C9A227, Offwhite #F7F7F7, headings in Space Grotesk (or geometric sans) and body in Inter. No faces. Deliver: Home desktop/mobile, Capability cover, and 6card services grid. CTAs: Download Capability Statement (gold filled, navy text) and Submit an RFQ (navy outline).

Canva — Quick Steps

- Create US Letter (8.5×11). Add Brand Kit colors.
- Upload logo and imagery (see Asset Inventory).
- Recreate each page: Cover → Executive Summary → Competencies → Capabilities → NAICS → Past Performance/CTA.
- Export PDF Print (bleed off, crop marks off, compress on).

Wix — Link Buttons to Document

- Select button → Link → Document → Choose File → select Capability PDF → Done.
- Test in Preview; ensure new tab behavior if desired.

10) Change Log & Next Steps

- Fixed: typos, nav consistency, phone format.
- Next: wire Capability PDF on all CTAs; descriptive alt text; unique titles/meta; finalize social/legals.
