CORPORATE EXPERIENCE (LEADERSHIP)

Mitigating the Proof Gap: As a purpose-built government contractor, we leverage our leadership's 30+ years of execution history to deliver Prime-level results.

Complex OCONUS Logistics:

Executed international supply chain logistics for high-voltage infrastructure, coordinating maritime freight and customs clearance for critical power grid expansions.

Fiscal Control & Compliance:

Implemented institutional-grade internal controls derived from Big-4 auditing experience (Grant Thornton) to ensure DCAA-compliant invoicing and audit readiness.

Critical Infrastructure Supply:

Managed the end-to-end procurement of Medium Voltage (MV) switchgear and IEEE-compliant transformers for large-scale industrial EPC projects.
